

Project Name:	TDL
Project Description:	CRUD functionality for to-do-list using Spring/HTML/CSS/JS
Project Owner:	Hamza Pervez

Risk ID	Date registered	Area	Description	Probability			Risk Level			Project impact	Proximity / Length of impact	Response strategy
1	02/02/2021	Time Management	Being new to Spring and managing time and understanding implementation			X			X	Severe	3 weeks	Spend time on QA-Community.
2	04/02/2021	Internet Connectivity Problems	WAN link failure/ISP failure		X				X	Not Impacting	Max 72 hours	Use neighbouring Wi-Fi / arrange for mobile hotspot.
3	04/02/2021	Laptop/PC issues	Hardware failure/accidental damage	X					X	Severe	Entire Duration	Regularly push to GitHub and keep local copies with version control.
4	05/02/2021	Project Scope implementation	Unable to implement basic functionality		X				X	Severe	Entire Duration	Speak to QA-Training team
5	07/02/2021	Operating System compatibility issues	Wrong JDK / incompatibility with Spring Boot		X				X	Severe	Entire Duration	Ensure correct JRE is used.
6	07/02/2021	COVID-19 symptoms	Chance of catching COVID-19			X			X	Severe	Entire Duration	Self-isolation/ Laptop
7	10/02/2021	SonarQube Testing	SonarQube wont run due to dependency issues		X			X		Mild	N/A	Ensure correct java installation.
8	10/02/2021	LocalHost not running	LocalHost fails to start due to port conflict.		X				X	Severe	Entire Duration	Change the default port for LocalHost.
9	10/02/2021	Obtain 80% test coverage	Not being able to reach 80%		X			X		Mild	48 hrs	Complete as much testing as possible
10	15/02/2021	Microsoft Teams outage	If MS teams goes down for everybody	X					X	Severe	N/A	Maintain contact with Team Trap/email QA staff.
